

## AFFIDAVIT OF T.T.

STATE OF NEW YORK ) ss:s.

COUNTY OF ROCKLAND )

T.T., having been duly sworn, hereby states and deposes under the pains and penalties of perjury:

1. I am an adult of legal age and make this Affidavit of personal knowledge.

2. My wife and I have a son MT who was born August 11, 2004, and he is 14 years old. His name means gift of the lord, and he is.

3. I can't believe where we are today. This measles declaration has been devastating, and heart breaking to our son, and family.

4. We have tried to cope, and do the best we can, in keeping M's education moving forward, as the crisis continues. He is receiving tutoring for his main lesson, math, Spanish (duo lingo), reading, chemistry, and additional learning. That being said, this is ALL falling short of the mark. This is the eighth grade. He is missing the eighth grade talent show and Play. He is missing the social interaction with his teacher, and students. Friends he has known for the last 8 years are now removed from his circle. This is the last year he is with his teacher. The impact is beyond description for M.

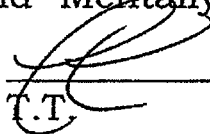

5. While my ex-wife and I are doing all we can for Ms. we both work full time jobs. None of this is normal, or has any kind of rhythm to it. We have tried to eliminate any stress from him, but the harm is irreparable.

6. This morning I watched my son's face, as I had to tell him that his math tutoring was cancelled. As I he held back the tears. I died inside, and cried. He and I were crushed.

7. Please understand, we chose a Religious Exemption because we believe in GOD. We are NOT against vaccinations. We believe that GOD created the body, and it should remain untainted by man. We sought and obtained a religious exemption from vaccinations based upon our deeply held religious beliefs.

8. We chose a Waldorf education because of the philosophy. It is an old school, European style education. It is uplifting, enlightening, unique, and family oriented. The education is a world class education, like none other.

9. One last thought: I asked M how he felt about this exclusion, and he said" Mentally and socially diminishing."

  
T.T.

Signed and sworn to before me this 5<sup>th</sup> day of March 2019.
